PROJECTS

Delicious Zone [Link](#) [Github Link](#)

Crafted with **React**, **Vite**, and **Tailwind CSS**, Delicious Zone is my web development showcase. Seamlessly mixing **Node.Js**, **Express.Js**, and **MongoDB**, it offers an intuitive interface for customers, at the same time as admins control with ease. With **Cloudinary** to manage media and **Razorpay** for secure payments

Study Notion Ed-tech Platform [Link](#) [Github Link](#)

Spearheaded the creation of StudyNotion, a cutting-edge **MERN** stack ed-tech platform, seamlessly integrating **ReactJS**, **NodeJS**, **MongoDB**, and **ExpressJS** to provide an immersive, secure, and interactive learning environment for students while empowering instructors to globally showcase their expertise.

Portfolio Website [Link](#) [Github Link](#)

The Portfolio website is a personal project that showcases my skills in **HTML**, **CSS**, **JavaScript**, and **Tailwind CSS**. It serves as a portfolio platform to present my projects, achievements, and expertise to potential employers and clients. It features a **message system** where visitors can interact and leave messages.

Weather App [Link](#) [Github Link](#)

The Weather Web App is a responsive and visually appealing application developed using **HTML**, **CSS**, and **JavaScript**. It integrates a **weather API to fetch real-time weather data**, including temperature, humidity, and wind speed. With user-friendly features like search and error handling, it demonstrates my proficiency in **front-end development** and **API integration**.

Dev Detective [Link](#) [Github Link](#)

Dev Detective is a **HTML**, **CSS**, **JavaScript**, and **Tailwind CSS** . web app that utilizes the **GitHub API** to fetch user data through a search function. It offers a sleek interface and implements a convenient **dark mode feature**. This project highlights my expertise in **web development**, **API integration**, and **user-centric design**.

ACHIEVEMENTS

- Hactoberfest2021
- Solve Over 400+ DSA Problems in past 2year
- Problem Solving Hacker Rank Certification
